

Solidarity

Solidarity Licensed & Sober Living Substance Abuse Treatment

Primary Treatment is a six-month, structured Behavior Modification Program focusing on Alcohol & Drug Addiction Education and Relapse Prevention. The key components of our licensed program are:

- Re-established Core Values
- Relapse Prevention groups
- Anger-Management groups
- Behavior Modification groups
- Parenting Behavioral Values
- Interpersonal Relationship groups
- Smoking Cessation groups
- Personal Health and Hygiene Education groups
- Daily AA/NA and Book Study groups

Solidarity

Transitional Aftercare

Transitional Aftercare, often used as a follow-up phase to Primary Treatment, is designed to allow the individual to continue to work through their program in a more loosely structured environment, giving them time to relax and concentrate on building a solid future as a productive member of society.

Solidarity

Clean & Sober Living

All Solidarity Fellowship facilities require each client to live free of alcohol and other harmful drugs. All residents are urged to attend AA/NA meetings daily and work a 12 step program with a sponsor.

Clean & Sober living is highly advisable for anyone who exhibits an inability to control his/her use of drugs, including alcohol. Any addict, regardless of how much clean time he/she has or how sincere his/her desire to stop using, will find it nearly impossible to do so in an environment where drugs are being used.

Solidarity

Dad's Program

Solidarity offers two specialized programs for single fathers, a Dad's Place and a Dad's Program. Both programs deal with the nature of addiction and parenting issues. These are the only Clean & Sober living environments for single male parents in America.

Family Circle

Family Circle is a clean and sober environment for single women and mothers with young children who are seeking a way out of their addictive lifestyle. Here is a close-knit group of women who stand behind each other in support of their common needs for transition back into society. Education, empowerment, and emotional support are the keystones here at Family Circle
